Details of the user's currently booked routes

Cancel

Bulleted list of booked routes. Colours resemble if a route is still 'active' (green), or if too many participants have cancelled (amber) and more participants are required to comply with safety standards.

Responsive Web-App (Mobile)

Application Name

Webpage tabs 'shrink' into burger menu

Routes

My Bookings

My Stats

Profile

Burger menu drops down for user to select different tabs

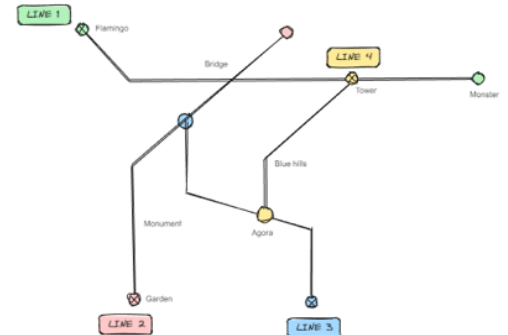

Page interface should scale for mobile. Map should 'shrink' whilst maintaining readability. Text should wrap and display vertically if 'blocks' exceed screen width of device.

Mobile Application

Application Name
